- 2:1 The Premier and Premier Reserve grades are set up as a flat structure where there is no promotion/relegation from season to season. Clubs who qualify for the Premier grade must also field a Premier Reserve grade team. Clubs who don't field a team in both grades will have their Premier grade status revoked. A club may only have one team in each grade.
- 2:2 In deciding the placement of teams in two-day grades below the Premier and Premier Reserve grade structure, the following shall apply:

- 3:2 This residency rule also applies to university students returning to Wellington for the season.

- 3:3 No player shall play in more than one championship match during the period set down for such match unless they are nominated as a replacement player before the round commences as per rule 1.3 Local Playing Conditions – Two Day Matches. However, if Cricket Wellington schedule grades in the same round on different days then clubs may apply for dispensation to enable players to play on both days, dispensation will be at the discretion of Cricket Wellington.
- 3:4 Eligibility for Finals Matches
- As with meeting the preceding criteria the following must also be met:
- 3:4:1 A player of a club, other than a representative player, shall not be eligible to play in a One Day or Three Day finals match unless he has played four days or more with the club in that grade (or lower grade) during the current season, or Cricket Wellington gives approval in special circumstances.
- 3:4:2 A player of a club, other than a representative player, shall not be eligible to play in a Twenty20 finals match unless he has played three games or more with the club in that grade (or lower grade) during the current season, or Cricket Wellington gives approval in special circumstances.
- 3:4:3 In determining a player's eligibility for a final, games played in lower XI's shall be counted, but games played in higher XI's shall not be counted.
- 3:4:4 Cricket Wellington will advise which matches constitute a 'final', but will include the Premier Grade three-day final, Premier one-day finals and Premier Twenty20 final.

4: OVERSEAS PLAYERS

- 4:1 Clubs may not play more than one (1) player in the Premier, who would be ineligible to represent New Zealand ("overseas player").
- 4:2 Clubs may not play more than two (2) players in the Premier Reserve and Senior Women's, who would be ineligible to represent New Zealand ("overseas player").
- 4:2 Overseas player means a person who is neither:
- a New Zealand citizen; nor
 - a New Zealand resident, who shall be, for the purposes of this definition, a person who:
 - is entitled to reside in New Zealand permanently; and
 - has been granted a 'local player' status by Cricket Wellington prior to their playing
- 4:3 Any non-New Zealand citizen may make application to Cricket Wellington to be granted a "local player" status for the purposes of the club competition. Typically these will be non-professional cricketers who work or study in Wellington, with a longer-term objective of permanent or semi-permanent residency in Wellington. Application forms, including criteria, are issued by Cricket Wellington prior to the season starting.
- 4:4 An overseas player must be in Wellington and available for club cricket no later than 15 January of that season. The arrival and/or initial playing of an overseas player after 15 January will require the prior approval of Cricket Wellington, following application by the club. Overseas Player registration forms will be issued by Cricket Wellington.
- 4:5 Should an overseas player be required to leave the club for the remainder of any season, for injury, illness or any other bona fide reason, then Cricket Wellington may permit the replacement of that player with another overseas player for the remainder of the season (subject to 4.7 below).
- 4:6 In circumstances raised by 4.5 above, the club shall have no more than 30 days to replace the player, or such time frame as directed by Cricket Wellington.
- 4:7 Grades below Premier, Premier Reserve and Senior Women's may play non-New Zealand eligible players, but these players must be of an ability consistent with the grade in which they are playing (or a lesser ability).

5: TRANSFER OF PLAYERS

5:1 Should any club enter two or more teams in any one grade, no transfer of a player from one to another of such teams shall be allowed during the course of a season, unless with the written consent of Cricket Wellington.

5:2 The only exception to rule 5:1 is when a club's Premier and Premier Reserve sides both end up in the Hazlett Trophy 2-day competition. In these circumstances, No club shall transfer a player(s) from the higher team to the lower team to unfairly strengthen the lower team. The term 'unfairly' is applied as per 5:3 below.

5:3 No club shall transfer a player(s) from a higher grade to a lower grade to unfairly strengthen the lower team.

The term "unfairly" shall relate to a situation whereby the transferred player(s) are not normally a member and would not reasonably be expected to be a member of the lower grade team.

Any determination of whether the transfer has been unfair would involve consideration of the player's status, his record in the higher grade, the circumstances of the transfer, the state of the respective grade competitions, and the impact the player has made on the game in question.

A club may transfer players from a higher to a lower grade within their club structure as part of the normal team selection process even though this may on occasions necessitate the player moving down more than one Cricket Wellington competition grade.

5:4 No player shall play in any competition matches for more than one club during any one season, with the exception of the following:

- a) A player finally leaving school or college.
- b) Any school or college player may play for a club during vacation, or when they are not required to play college cricket.
- c) Where Cricket Wellington classifies a player to a grade higher than that in which he/she is a player, and a team playing in such grades is not represented by the club for which he/she is a player, such player may be granted a transfer to a higher grade in another club
- d) A college player of exceptional ability may be granted permission by the Board to play in a club championship grade
- e) A player who is a member of a club, which has withdrawn from a competition, may be granted a transfer to another club.
- f) A player who is a member of a club involved in a combined entity can play for any team affiliated to that entity, subject to rules 5:1, 5:2 and 5:3
- g) A player may, on written application to Cricket Wellington which is endorsed by his/her current and proposed clubs, be granted a transfer to the proposed club by December 1 of the current season, if Cricket Wellington deems the request for transfer to be fair and reasonable. Endorsement by the player's current club shall not be unreasonably withheld.
- h) Any transfer request after December 1 will be assessed by Cricket Wellington at its discretion.

Note: In this rule the word "college" does not include a University College.

5:3:1 A player wishing to transfer clubs after the start of the season must complete the required form and submit to Cricket Wellington, before he/she may play for their new club.

5:4 No player shall play in Women's Senior matches for more than one club/school in any one season with the exception of the following:

- a) Any Youth Grade player may play for more than one Women's Senior team, where that player's involvement in the Senior Women's grade is pursuant to the managed programme by CW of providing suitable Youth Grade players with an opportunity to

play in the Senior Women's grade. Upon a Youth Grade player being selected for a second Senior Women's team, the player must notify the CW Women's Cricket Coordinator before playing for that team.

- 5:5 The purpose of this rule is to protect clubs from avoidance of individual player financial obligations through player movement to another club.

No affiliated club may play an unfinancial player on transfer from another club and it is the player and the new club's obligation to ensure the player is financial prior to his/her selection to play for the new club.

An unfinancial player is one who has not fulfilled the following normal obligation to his/her existing club in the previous season(s):

- a) Payment of club subscriptions as requested, and/or
- b) Settlement of any obligations regarding clothing or playing equipment as set out between the club and player, and/or
- c) Any other normal financial obligations common to members of the club relating to their membership, and
- d) Who has been identified in the clubs unfinancial list following the previous season. Any special financial arrangements between a player and a club outside the normal expectations outlined in clauses (a), (b), (c) and (d) above, and that are in dispute, are matters to be resolved by those parties.

However to protect clubs Cricket Wellington will outline the following process to be followed if the dispute is unresolved and the player endeavours to transfer clubs.

- a) The player and club must identify and agree to undertake a recognized dispute resolution process. The onus is on the club alleging the debt to instigate this process as soon as possible.
- b) The club to which the player is transferring must agree to undertake the alleged obligation subject to the outcome of the resolution process if it wishes to utilize the player whilst the process is ongoing.
- c) Following the resolution process both clubs must sign off that the dispute has been settled according to the terms of that resolution.

6: BREACH OF RULES 3, 4, & 5

Any apparent infringement of the above rules (3, 4 and 5) shall be adjudicated upon by Cricket Wellington who may vary the result of the match and/or impose such penalties as it thinks fit.

7: CANCELLATION OR POSTPONEMENT OF MATCHES

Cricket Wellington shall have the power to decide before the commencement of play on any day appointed for play that the weather is too bad to allow the playing of matches or that if any ground is unfit, may cancel all play on that day or on that particular ground as the case may be.

Cricket Wellington has a policy of not cancelling Premier, Premier Reserve or Senior Women's matches unless Councils close their grounds or unless grounds or weather conditions are such that it would be unreasonable for play to be scheduled.

The policy on lower grades is unless Councils close their grounds cancellations will not be made. On a Saturday it is expected that teams make the decision if the weather is such that conditions are contentious. There is an expectation that teams will wait a reasonable time for the ground conditions to improve if they are damp but do not expect a team to have to wait more than 90 minutes after the scheduled start time.

The draw will be distributed to clubs by 10am Tuesday morning. It will also be posted on the Cricket Wellington website- www.cricketwellington.co.nz. Defaults and transfers occurring after this time will be advised to clubs through their club chairman as soon as they are known and broadcast over the Newstalk ZB cancellation service from 8.00am each Saturday morning, placed on the website www.cricketwellington.co.nz and the cancellation line – 04 384-3171.

- 7:1 When a team has defaulted a match in a round which is subsequently totally cancelled, no points will be allocated to any team in that round except where points are on offer for abandoned games.
- 7:2 Notwithstanding that play has taken place on any ground Cricket Wellington shall have the power to determine whether or not such play is to be treated as a day's play.
- 7:3 Notwithstanding anything in the above rules Cricket Wellington shall have the power prior to the commencement of any match, to order it to be played out or to order an extra day's play.

8: DEFAULTS AND FAILURE TO FULFIL FIXTURES

- 8:1 Any team failing without reasonable cause to fulfil any of its championship fixtures may be debarred from taking any further part in the competition for which it has entered.
- 8:2 That any penalty fee collected by Cricket Wellington from a club defaulting outside the time frame (refer Rule 8:3) may be distributed between Cricket Wellington and the non-offending club.
- 8:3 Any proposed default must be advised to the Competitions Administrator at Cricket Wellington AND the opposing club before 10.30am on the Friday preceding the scheduled match. With regard to any default, the following default penalties will be incurred:

	Default with prior notification	Default without notification
1st default	nil	\$100
2nd default	warning	\$200
3rd default	\$100 + final warning	\$250 + final warning

- 8:4 Any club who defaults their Premier or Premier Reserve grade team will incur an instant \$100 fine and will not receive any competition points in either grade in the round that the default took place. Cricket Wellington reserves the right to review a clubs Premier Grade status if a default is received in these grades.

9: RESULTS OF MATCHES

Each club shall furnish to Cricket Wellington after the conclusion of each match the following reports:

With the exception of the Code of Conduct, any club failing to comply with this rule may be fined \$50 + GST for each offence and be deprived of any points it may have won in such match.

10: COMPETITION CHAMPIONSHIP

Grade winners will be determined as set out in this rule. From time to time Cricket Wellington may introduce a variation to this rule for certain grades. If this is the case any changes in playing conditions will be circulated to all participating clubs in writing as an appendix to the handbook, prior to the commencement of the season, and displayed on the Cricket Wellington website.

10:1 In all two day grades, the respective grade winner will be determined by the following:

10:1:1 Premier Grade:

- (i) Pearce Cup will be determined by the winner of the Three Day Final. If there is no outright winner then the top qualifier will win the grade.
- (ii) Hazlett Trophy will be determined by the highest two-day points obtained plus the weighting points received from the one-day rounds, which are allocated based on finishing positions. The Hazlett Trophy is only awarded to the teams who qualify in the top two of their pools for the remaining two games of the season. There is no Hazlett Trophy Three Day Final.

10:1:2 Premier Reserve Grade:

- (i) Both sections will be determined by the highest two-day points obtained plus the weighting points received from the one-day rounds, which are allocated based on finishing positions.

10:1:3 All other 2 day Grades:

- (i) The winner will be the team aggregating the most points from the two-day and one-day sections of the grade.

10:2 The team winning the one-day section of the Premier Grade competition will represent Cricket Wellington at the National Club Competition.

10:3 For the purpose of determining the final placing of teams with equal competition points in their respective competitions, the higher placing shall be determined as follows:

Two-Day grades:

- a) In the first instance, the team securing the most outright wins shall be declared the winner
- b) If two or more teams are tied after applying 10:3 (a), the order of finishing shall be determined by highest net average runs per wicket. A team's net average runs per wicket is calculated by deducting the average runs per wicket scored by that team throughout the competition from the average runs scored per wicket against them throughout the competition. This only applies to two-day cricket.

One-day, Twenty20 and Girls Youth Grades:

- a) The top two teams at the end of the round robin will play off in a final to decide the winner of the grade. If this final cannot go ahead due to weather the winner of the grade will be determined on highest points after the round robin. If this happens to be the same the title will be shared.
- 10:4 If two or more teams are equal in finals bearing places for the one-day sections of Premier or Premier Reserve grades, placings will be determined by runs per over for divided by runs per over against to determined by Net Run Rate calculated by CricHQ.
- 10:5 Where two or more teams finish bottom equal of a two-grade the above system will determine which team is relegated, if this applies.
- 10:6 The points accredited for a win by default shall be no more than the maximum number of points scored by any team in the affected grade in that round.
- 10:7 When a team is withdrawn during the season (after the first playing day) all points scored by it or against it before its withdrawal will be counted as below:
- a) Grade points for and against

Breaches of the professional player rule will be put in front of a commissioner who will determine the fate of that club. This decision will be final, and there will not be an appeals process.

17:2 Player/Coach

Clubs can engage a Player/Coach OR Coach who is paid to oversee the coaching duties of their premier team. For clarity this means clubs may not employ both as a paid position. A Club still can engage a professional player. Regulations around Player/Coach who receive payment are as follows:

Clubs are advised to seek clarification on general coaching if they are unsure whether a coaching project fits this title.

17:5 One Club Programme

It's worth noting that player payments are separate to the One Club programme. If clubs wish to employ a current player to act as their employee under the One Club programme then Cricket Wellington will regard this as that player's primary employment and this will not be considered a player payment under the rules outlined above.

17:6 Club Academies

Definition: Clubs who set up an academy to develop players cricket ability. Cricket Wellington is supportive of academy concepts and the positive impact they have on player development. 4: SCORING

In premier grade the match must be live scored on the CricHQ application. It is the responsibility of the home team to ensure this happens. It is expected that if the home team does not score on the application they will arrange with the team that they are playing against to make sure the game is live scored.

In premier reserve it is not mandatory for the game to be live scored.

Where the game is played at a neutral venue the team list first on the draw will be regarded as the home team.

- 6:1:4 If a change in innings coincides with a luncheon or afternoon tea interval there shall be no reduction of overs remaining in the days play.
- 6:2 At any change of innings, or where play is suspended (including any interval between innings) the minimum number of overs to be bowled in the day shall be calculated on whichever of the following two bases produces the greater number of overs:

6:3 Over-rates and penalties

Cricket Wellington expects that sides will maintain an average over rate of 15 overs per hour throughout each days play. Failure to maintain this rate will result in the following:

Such penalty will be deducted from the team's season competition points immediately a team has accumulated 10 such overs for the season, and which shall continue to be deducted in any future innings.

6:3:2 At the end of each innings, the total time for the innings will be calculated taking into account any allowances the umpires make for lost time during the innings that they consider to be outside the control of the bowling captain. As an example, but not limited to, time lost due to an injury of a player or umpire, lost ball, weather and light interruptions, undue delays caused by batsmen etc. Umpires are required to verify all times for allowances and stoppages in consultation with the official scorers at the end of each innings.

6:3:3 Notwithstanding 6:3:1 above, a penalty or reduction in the 10 credit overs shall apply only when the last actual over of a day's play is commenced after the time scheduled or rescheduled for stumps on that day, and the CWUSI – appointed Umpires indicate in their Match Report that a penalty shall apply, and advise the Captain or Official of the bowling team, on the day, of that penalty or reduction. In the absence of the Captain or Official the umpire will instead advise Cricket Wellington in writing within 48 hours of the match's completion.

6:3:4 In the event of a match finishing on the first day, over rate penalties shall not apply, regardless of the hours played on that day.

The umpires shall signal the commencement of the last hour of play immediately after the last drinks interval (refer 5.4 above). From that time, provided a result has not been reached earlier, play shall continue (in the absence of a result) until the agreed time for the close of play.

6:5:1 This shall not prevent the captains reaching an agreement to terminate play within one hour of the scheduled time for the close of play if a result cannot be achieved.

6:5:2 For the purposes of Law 16.6, fifteen overs and four (4) minutes shall be used for calculations in place of twenty overs and three minutes respectively.

7: LOSS OF TIME

- 7:1 If a side causes a delay in the commencement of the day's play or on the resumption of play after an interval, the side not at fault may, at the time such delay occurs, by notice to the umpires (if any) and the opposing captain, reserve the right to have the lost time made up at the end of either day's play. 2: LAW 3:9 - FITNESS OF LIGHT

The Laws of Cricket shall apply except that (b) (ii) is replaced as below:

Play shall continue regardless of the state of light unless, in the opinion of the umpires, it is unreasonable or dangerous to continue.

3: LAW 12 - INNINGS

- 3:1 In an uninterrupted match which includes a match where the start of play is delayed but where it is possible for both sides to bat their full number of overs in the match (refer 1:1):
- 3:1:1 Each side shall bat for their full number of overs (refer 1:1) unless all out earlier.
- 3:1:2 In the event of the side fielding first failing to bowl the required number of overs by the expiration of time (refer 1:2) from the commencement of the innings of the side batting first, it shall bowl out the remaining number of overs required but its innings shall be limited to the same number of overs as it bowled to its opponents by the expiration of time (refer 1:2). An over in progress at the expiration of time shall be deemed to have been bowled.
- 3:1:3 If the side batting first is all out and the last wicket falls within two minutes of the expiration of time (refer 1:2) from the commencement of the innings, the innings of the side batting second shall be limited to the same number of overs as the innings of the side batting first. (The over in which the last wicket falls is to count as a complete over).
- 3:1:4 If the side batting first is dismissed in less than their full entitlement of overs, the side batting second shall be entitled to bat its full number of overs (refer 1:1) except as provided for in 3:1:2 or 3:1:3 above.
- 3:1:5 In the event of the side fielding second failing to bowl, if necessary, their full number of overs or the number of overs as provided in Playing Conditions 3:1:1 to 3:1:4 inclusive by the scheduled cessation time, the hours of play shall be extended until the required number of overs have been bowled or a result achieved. Note: No extra time is available in any Men's or Women's One-Day grades.
- 3.2 Delayed start to a match or where play is suspended:
- 3:2:1 The object should always be to arrange the number of overs so that both sides have the opportunity of batting for the same number of overs (refer 1:5 for minimum number of overs to constitute a match). The calculation of the number of overs to be bowled shall be based on the average overs per hour in the time remaining before the scheduled cessation of play (refer 1:9)
- 3:2:2 If the number of overs of the side batting first is reduced, no fixed time will be specified for the close of innings and in the event of the side fielding second failing to bowl, if necessary, the reduced number of overs by the rescheduled cessation of play, play shall continue until the required number of overs has been bowled or a result achieved.
- 3:2:3 If, owing to a suspension of play during the innings of the side batting second, it is not possible for that side to have the opportunity of batting for the same number of overs as the side batting first, it shall bat for a number of overs to be calculated as in Playing Condition 3:2:1 above.
- 3:2:4 The side batting second shall not bat for a greater number of overs than the side batting first unless the latter has been out in less than the agreed number of overs.

4: LAW 1.5 - INTERVALS

- 4:1 **Scheduled hours of play:**
In those matches where the start of play is not delayed or play is not interrupted, hours of play shall be as per 1:2 or 1:4 inclusive.
- 4:2 The start of play in Premier, Premier Reserve or Senior Women's may be delayed (for reasons other than ground, weather or light) up to one hour with the consent of both sides and the approval of Cricket Wellington, in which case all times stated above will be adjusted to be later by the amount of time by which the start was delayed.
- 4:3 An interval shall be taken at the conclusion of the innings of the side batting first, irrespective of the time the innings closes and the length of the innings. After the scheduled break the side batting second shall commence its innings.

- 4:4 Where the start of play is delayed or play is interrupted due to ground, weather or light the umpires will vary the length of the break between innings as follows:

Time lost	Premier & Premier Reserve	First Grade	Second, Third & Fourth Grades	Fifth, Sixth Grades and All One-Day Grades
Up to 80 minutes	30 minutes	20 minutes	20 minutes	20 minutes
81 to 140 minutes	25 minutes	15 minutes	15 minutes	10 minutes

More than 200 minutes	10 minutes	Not applicable	Not applicable	Not applicable

- 4:5 Where the start of a match is delayed pursuant to 4:2 above, for the purposes of 4:1 above, the elapsed time between the scheduled starting time and the actual starting time shall be deemed to be lost.
- 4:6 One drinks break is permitted per session.

5: LAW 16 - CESSATION OF PLAY

In Premier, Premier Reserve, First, Second, Third, Fourth Grades and Women's Senior matches where the start of play is delayed or where play is suspended:

- 5:1 The hours of play shall be extended by one hour (refer 1:9) or, where it is possible for both sides to bat for the agreed number of overs by calculating the time required on the basis of the over rate (refer 1:6), the expiration of time so required, whichever is the earlier.
- Note: No extra time is available in any Men's or Women's One-Day grades.

6: LAW 21 - THE RESULT

- 6:1 A result can only be achieved if both sides have batted for at least the minimum number of overs to constitute a match (refer 1:5), unless one side has been dismissed in less than the minimum overs, or unless the side batting second scores enough runs to win in less than the minimum number of overs.
- 6:2 All other matches in which one or both sides have not had the opportunity of batting for the minimum number of overs to constitute a match (refer 1:5) shall be declared no result matches.
- 6:3 In a match in which both sides have had an opportunity of batting for the agreed number of overs, the side scoring the higher number of runs shall be the winner.
- 6:4 If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets, which have fallen.
- 6:5 If the match is interrupted due to weather the following will be used to determine the result:
- 6:5:1 In premier and premier reserve grade cricket if any interruptions happen during the course of the match Duckworth Lewis supplied by the CricHQ App will be used to calculate the target scores. This app is available while live scoring and also as a separate calculator on the App.
- 6:5:2 All grades below premier Reserve the average run-rate for the whole innings of the team batting first shall be the criteria for setting a target score.
- 6:5:3 In the event of the side batting first being all out in less than its full quota of overs, the calculation of its average run rate shall be based on the full quota of overs to which it would have been entitled and not the number of overs in which it was dismissed.
- 6:5:4 If the target score involves a fraction of a run the scores cannot be equal and the result cannot be a tie.
- 6:5:5 In all grades below Premier Reserve the average run-rate for the whole innings of the team batting first shall be the criteria for setting a target score.

- 6:6 In an interrupted match it should be noted that the important figure is the target score, which, in effect, is set by the umpires when they decide on the number of overs able to be bowled at the side batting second. The side batting second then has available to it the number of overs nominated by the umpires in which to achieve that target. The game concludes when the target is reached, or when the side batting second is bowled out within the nominated overs, or when the nominated number of overs is completed.
- 6:7 The scorers shall maintain a record during each innings of the total at the end of each over.

7: LAW 22 - THE OVER

- 7:1 No one bowler shall bowl more than 1/5th of the total overs (refer 1:8) to be bowled in the match. When the total number of overs is not divisible by five, an extra over will be given to a minimum number of bowlers until all the overs have been allocated. For example, if a match is reduced to thirty-three overs, three bowlers will have a maximum of seven overs, with two more bowlers having a maximum of six overs.
- 7:2 A bowler shall finish an over unless incapacitated or suspended under Laws 42:7,42:8,42:9 or 42:12. If an over is left incomplete for any reason at the start of an interruption of play it shall be finished on resumption.
- 7:3 If for any reason, a bowler is incapacitated while running in to bowl the first ball of an over, or is incapacitated or suspended during the over, the umpire shall call and signal "Dead Ball". Another bowler shall complete the over from the same end. This will count as an over in the allocation for each bowler involved.

8: LAW 24 - NO BALL

Umpires are instructed to apply a strict, consistent interpretation of this Playing Condition in order to prevent negative bowling. Refer to Clauses 12 & 13 of the General Playing conditions for the criteria in defining short pitched and full pitched deliveries which will only apply in Premier Grade.

- 8:1 In Premier grade, a bowler shall be allowed to bowl two fast short pitched delivery per over. A fast short-pitched ball is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the crease. A ball that passes above the head height of the batsman that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide. Any fast short pitched delivery that is called a wide under this playing condition shall also count as the one allowable short pitched delivery in that over.

The delivery following a no ball called for a foot fault (Law 24.5) shall be a free hit for whichever batsman is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of no ball or wide ball) then the next delivery will become a free hit for whichever batsman is facing it. The Bowler's end umpire will signal a 'Free Hit' by extending one arm straight upwards and moving it in a circular motion.

For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called wide ball.

Field changes are not permitted for free hit deliveries unless there is a change of striker (the provisions of clause 41.2 shall apply).

In all other grades, a bowler shall be allowed to bowl one fast short pitched delivery per over. A fast short-pitched ball is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the crease. A ball that passes above the head height of the batsman that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide.

Any fast short pitched delivery that is called a wide under this playing condition shall also count as the one allowable short pitched delivery in that over. If the ball passes or would have passed above the shoulder height of the striker standing upright at the crease a second time the umpire shall call and signal "No ball".

- 8:2 A penalty of one run for a no ball shall be awarded and shall in all cases be scored as a no ball. This penalty shall stand in addition to any other runs, which are scored or awarded.

9: LAW 25 - WIDE BOWLING

Umpires are instructed to apply strict consistent interpretation of this Playing Condition in order to prevent negative bowling wide of the wicket.

- 9:1 Any off-side or leg-side delivery, which in the opinion of the umpire does not give the striker a reasonable opportunity to score, shall be called and signalled 'Wide' by the umpire. As a guide, on the leg-side a ball clearly landing outside the leg stump and going further away shall be called "Wide".
- 9:2 The above provisions do not apply if the striker makes any contact with the ball.
- 9:3 All grades from First Grade and below will play the normal wide rule for two-day cricket.
- 9:4 Whenever possible guidelines 455mm from the return crease will be marked on all pitches to assist with the calling of off-side wides. These markings are in line with current First-Class Playing Conditions.
- 9:5 A penalty of one run for a wide shall be awarded and in all cases be scored as a wide and shall be in addition to any other runs scored. All runs shall be scored as wides.

10: MODE OF DELIVERY

No bowler may deliver the ball underarm.

11: TIME WASTING

Umpires and captains should take into account in limited-over matches any deliberate slowing down of the tempo by either batsmen or fieldsmen where it may be seen to be to the disadvantage of an opposition team, e.g. in the case of a team fielding second slowing down the game knowing it might win a shortened game on run-rate, or in the case of a team batting first slowing down the game to reduce the number of overs available to the team batting second.

12: FIELD RESTRICTIONS

Note: These fielding restrictions apply only to Premier, Premier Reserve, First Grade and Senior Women's grades.

- 12:1 Two semi-circles shall be drawn on the field of play. The semi-circles have as their centre the middle stump at either end of the pitch. The radius of each of the semicircles is 27.5 metres (Men's) and 23 metres (Women's). The ends of each semi-circle are joined by a straight line drawn on the field on the same side of the pitch.
- 12:2 The field restriction area should be marked by continuous painted white lines or "dots" at 4.5 metre intervals, each "dot" to be covered by a white plastic or rubber (but not metal) disc measuring 18cm in diameter. Refer to 12:5 for Fielding Restriction Overs.
- 12:3 At the instant of delivery, there may not be more than five fieldsmen on the leg-side.
- 12:4 Two inner circles shall be drawn on the field of play. The circles have as their centres the centre point of the popping crease at either end of the pitch. The radius of each of the circles is 13.72 metres (Men's) and 12 metres (Women's). The field restriction area should be marked by 'dots'. The segment of the circles reserved for the slip positions shall not be demarcated.
- a) During the initial block of Fielding Restriction Overs (i.e. the first 10 overs), there must be a minimum of two stationary fieldsmen within this fielding restriction area at the instant of delivery. When a fast bowler is bowling the two stationary fieldsmen may be permitted to stand deeper than 13.72 metres provided that they are standing in slip, leg slip or gully positions.

12:5 Premier, Premier Reserve, First Grade and Senior Women's grades only:

12.5.1 The Fielding Restriction Overs shall apply for 15 overs per innings, and be taken as follows:

- a) 10 of the Fielding Restriction Overs shall be the first 10 overs of the innings, as set out in 12:4 a) above. During this period only two fieldsmen shall be permitted outside the field restriction area at instant of delivery (refer to 12:1, 12:2)
- b) The remaining 5 overs shall be taken at the discretion of the batting team. These overs must be taken between overs 11 and 40 inclusive. Either batsman at the wicket shall advise the umpires accordingly
- c) Should the batting captain choose not to exercise this discretion, the remaining blocks of Fielding Restriction Overs will automatically commence at the latest available point in the innings, i.e. in an uninterrupted innings, at the start of the 36th over.
- d) During the 2nd block of Fielding Restriction Overs, the fielding team shall at its discretion be permitted to have three fieldsmen outside this fielding restriction at the instant of the delivery.
- e) A batsman must nominate his teams 2nd block of Fielding Restriction Overs no later than the moment at which the umpire reaches the stumps at the bowlers end for the start of the next over.
- f) Once the batsman has nominated his teams 2nd block of Fielding Restriction Overs, the decision cannot be reversed.

12.5.2 In circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction Overs shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

12.5.3 Where, in an interrupted innings, on resumption the recalculated number of Fielding Restriction Overs (as set out above) is no longer achievable, the number of Fielding Restriction Overs for that innings will be the closest achievable whole number (subject to observing 12.5.4 below).

Innings duration	First Powerplay	Batting Powerplay	Powerplay Total
20-21	4	2	6
22-24	5	2	7
25-28	5	3	8
29-31	6	3	9
32-34	7	3	10
35-38	7	4	11
39-41	8	4	12
42-44	9	4	13
45-48	9	5	14
49	10	5	15

12.5.4 Each block of Fielding Restriction Overs must commence at the start of an over.

12.5.5 If an innings is interrupted during an over, the status of that over (that is whether it is a Fielding Restriction Over or not) must be retained when the over is completed.

12.5.6 At the commencement of the discretionary block of Fielding Restriction overs, the umpire shall signal such commencement to the scorers by rotating his/her arm in a large circle.

12:6 During the non Fielding Restriction Overs, no more than 4 fieldsmen shall be permitted outside the fielding restriction area referred to in 12:1.

13: NEW BALL PER INNINGS

Teams are permitted to use only one new ball per innings.

LOCAL PLAYING CONDITIONS - Twenty20

Except as modified the One-day competition rules will apply in all matches.

1: Duration

Matches of one innings per side, each innings being limited to a maximum of 20 overs.

2: Hours of Play and Intervals.

Each innings will be scheduled for 1 hour 20 minutes with a 20 minute interval between the innings.

If the innings of the team batting first is completed prior to the scheduled interval, the interval shall take place immediately and the innings for the second team shall start correspondingly earlier.

If the side bowling first has not completed the allotted number of overs by the scheduled time the umpires shall reduce the length of the interval by the amount of time that the first innings over-ran. In any of the above circumstances the interval shall be a minimum of ten minutes.

When playing time is lost, through a delayed start or an interruption in play, the scheduled interval will be reduced to 10 minutes no matter how many overs or time has been lost.

There will be no interval for drinks.

For midweek games, the following will apply:

- a) Games will commence at 5:30pm. Teams and umpires can agree to start the game up to half an hour earlier (5pm) if desired.
- b) The interval between innings will be 10 minutes.
- c) Teams and umpires can agree to reduce the number of overs played prior to the game commencing; down to a 16 overs per innings game if they feel light is going to cause issues. This is with the agreement of both captains, if one team disagrees then a 20 over per innings game is played. If games are reduced, then the power play overs are to be calculated as per rule 5:4 below.

3: Length of Innings

In an uninterrupted match each team will bat for 20 overs unless all out in less than 20 overs.

If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.

If the team fielding first fails to bowl the required number of overs by the scheduled time for the cessation of the first innings play shall continue until the required number of overs have been bowled. Over rate penalties will apply.

If the team fielding second fails to bowl its required overs by the scheduled time, the hours of play shall continue (subject to ground weather and light condition) until the required number of overs have been bowled or a result achieved. Over rate penalties will also apply.

3.1: Delayed or interrupted matches

Delays or interruptions to the innings of the team batting first:

- a) When playing time has been lost, the revised number of further overs to be bowled in the match shall be based on a rate of 4 minutes per over in the total time remaining for play. The Umpires will calculate the length of the remaining playing time available for the match and will take into account the interval between innings. Should calculations regarding the number of overs result in a fraction of an over, the fraction shall be ignored. In the event of a suspension occurring in the middle of an over, the number of overs to be bowled will be calculated as if the over in progress had been completed.

The revision of the number of overs should ensure that both teams have the opportunity to bat for the same number of overs. (If the revised number of overs calculated is an odd number then one over shall be added and the result halved.

- b) The team batting second shall not bat for a greater number of overs than the team batting first unless the team batting first has completed its innings in less than its allocated overs. To constitute a match, a minimum of 5 overs has to be bowled to the side batting second, subject to the innings not being completed earlier.

If there is more than one interruption to the innings of the side batting first, calculations should be based on the original scheduled close of play.

- c) If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue, subject to ground, weather and light conditions, until the required number of overs have been bowled or the innings has been completed, and over rate penalties will apply. In all reduced overs matches both teams will be given one over's leeway in addition to any time that the Umpires might allow for stoppages. Allowances prior to a stoppage are carried forward for the purpose of application of over rate penalties only.

3.2: Delay or interruptions to the team batting second

- a) When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at the rate of 4 minutes per over in respect of the aggregated lost playing time. Should the calculations result in a fraction of an over the fraction should be ignored.
- b) A rescheduled time for the close of play will be fixed by applying 4 minutes per over in respect of each already bowled and/or rescheduled to be bowled in the innings. This calculation must not cause the match to finish earlier than the original time for cessation of play. If required the original time may be extended to allow for one extra over for the team batting second.
- c) If the team fielding second fails to bowl the revised overs by the scheduled or rescheduled close of play, the hours of play will be extended, subject to ground, weather and light, until the overs have been bowled or a result achieved and over rate penalties shall apply.

4: The Result

- 4.1 When there is no interruption after play has commenced and when both sides have had the opportunity of batting for the same agreed number of overs, the team scoring the most runs shall be the winner.
- 4.2 In Premier grade cricket - If due to suspension of play after the start of the match the number of overs in the innings of team batting second has to be revised to a lesser number than Duckworth Lewis via the CricHQ app will be used to determine the par score. Other other cricket - If, due to a suspension of play after the start of the match the number of overs in the innings of team batting second has to be revised to a lesser number than that originally allotted (minimum five overs) then a revised target score shall be calculated. This will be calculated as per local one-day playing conditions. This will also apply if a match is abandoned before the team batting second has received its allocated number of overs.
- 4.3 In the event of a tie, the following procedure shall apply to achieve a result:

One Over Per Side Eliminator (OOE)

The following procedure will apply should the provision for a one over per side eliminator be required in any match.

- a) The one over per side 'eliminator' shall commence 5 minutes after the conclusion of the match.
- b) The one over per side 'eliminator' will take place on the pitch allocated for the match.
- c) Prior to the commencement of the eliminator, each team selects three (3) batsmen and one (1) bowler.

- d) The nominated players are given in writing to the umpires (in games with no umpires these are to be handed to the opposing captain).
- e) The umpires shall stand at the same end as that at which they finished the match.
- f) The umpires shall choose which end to bowl, and both teams will bowl from the same end.
- g) Each team's over is played with the same fielding restrictions as those that are in place for the last over of a normal T20 match.
- h) The team batting second in the match will bat first in the one over eliminator.
- i) The same ball (or a ball of similar age if the original ball is out of shape) as used at the end of the team's innings shall be used for the 'extra' over.
- j) The loss of two (2) wickets in the over ends the team's one over innings.
- k) In the event of the team's having the same score after the one over per side eliminator has been completed, the team that hit the most number of sixes combined from its two innings in both the main match and the one over per side eliminator shall be the winner.
- l) If the number of sixes hit by both teams is equal, the team that hit the most number of boundaries (fours and sixes) in the main match and the eliminator over will be declared the winner.
- m) If the number of boundaries from the two innings in both the main match and the one over eliminator are equal, the team which took the most number of wickets combined in both the main match and the one over per side eliminator shall be the winner.
- n) If still equal, a count-back from the final ball of the one over eliminator shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total runs scored since the completion of the previous legitimate ball, i.e. including any runs resulting from wides, no balls or penalty runs.

5: Restrictions on the Placement of Fieldsmen

- 5.1 At the instant of delivery there shall be no more than five fieldsmen on the leg side.
- 5.2 For the first six overs only of each innings, only two fieldsmen are permitted outside the 30 yard (27.5 metre) circle.
- 5.3 For the remaining overs of each innings only five fieldsmen are permitted outside the fielding circle at the instant of delivery.
- 5.4 Team Batting first In circumstances where the number of overs for the team batting first is reduced, the number of overs in regard to the restrictions in 5.2 above shall be reduced proportionately

Total overs in Innings	No of overs for which fielding Restrictions in 6.2 and 6.4 will apply
5-6	1
7-9	2
10-13	3
14-16	4
17-19	5
20	6

5.5 Team Batting Second

Where the number of overs for the team batting second is reduced the aim will be to maintain the restrictions in 5.2 for the same proportions of the second innings that they were maintained for the first innings

In the event of an infringement of any of the above fielding restrictions, the Umpire shall call and signal "No Ball":

6: Number of Overs per Bowler

No bowler may bowl more than four overs, however in a delayed start or interrupted match, where the overs are reduced for both sides or for the side bowling second, no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption, except that where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.—e.g. after 8 overs rain interrupts play and the innings is reduced to 12 overs Both opening bowlers have bowled 4 overs. Two bowlers can bowl 3 overs and three bowlers can bowl 2. Bowlers 1 and 2 have already exceeded this limit. They count as the two bowlers who were allowed the extra over (3 as opposed to 2) and so any other bowlers are limited to 2 overs.

When an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation he will be allowed to finish the uncompleted over.

In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over in so far as each bowlers limit is concerned.

7: Declarations

There will be no declarations during the course of the match

8: No Ball- Penalty

Law 24.12 will apply

9: Free hit after a Foot Fault No-Ball

In addition to 8 above, the delivery following a no-ball called for a foot fault (Law 24.5) shall be a 'free hit' for whichever batsman is facing it. If the delivery for the free-hit is not a legitimate delivery (any kind of no-ball or wide) then the next delivery will become a free-hit for whichever batsman is facing it. The Bowler's end umpire will signal a 'Free Hit' by extending one arm straight upwards and moving it in a circular motion

For any 'free hit' delivery, the striker can only be dismissed under the circumstances that apply for a no ball, even if the delivery for the free-hit is called wide ball.

Field changes are not permitted for free hit deliveries unless there is a change of striker (the provisions of clause 41.2 shall apply).

10: Law 31 - Timed Out

Law 31 will apply except that the incoming batsman must be in position to take guard or for his partner to be ready to receive the next ball within 90 seconds of the fall of the previous wicket. The incoming batsman is expected to be ready to make his way to the pitch immediately a wicket falls

11: Over Rate Penalties

Sides are expected to be in position to bowl the first ball of the last of their 20 overs within one hour & twenty minutes playing time. In the event of a team failing to do so, the full quota of overs will be completed, and the batting side will be credited with six runs for every whole over that has not been bowled. This will apply to both innings of the game. If the side batting second is credited runs in this way and this consequently takes their score past the side batting first then the match shall be deemed to be won by the side batting second. All penalties in this regard will be imposed immediately the first ball becomes dead after the scheduled or re-scheduled cessation time for play. If the innings is interrupted the over rate penalty will apply on the rescheduled cessation time for that innings. The Umpires shall inform the fielding captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the re-scheduled cessation time for the innings. The Umpires will inform the fielding captain of any time allowances as and when they arise. In addition in all reduced over matches, the fielding team will be given one over leeway. Over rate penalties apply only to innings of ten overs or more duration.

In an innings of less than ten overs duration, Umpires shall apply the Penalty Run Laws for time wasting especially strictly. This is the only penalty for slow over rates in an innings of less than ten overs.

THE SPIRIT OF CRICKET

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action, which is seen to abuse this spirit, causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.

1: There are two Laws, which place the responsibility for the team's conduct firmly on the captain

Responsibility of the captains:

The captains are responsible at all times for ensuring that play is conducted on any part of a cricket ground including the field of play within the Spirit of the Game as well as within the Laws.

Player's conduct:

In the event of a player failing to comply with instructions by an umpire, or criticising by word or action the decisions of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2: Responsibility of Umpires: Fair and Unfair Play

The umpires are the sole judges of fair and unfair play. The umpires may intervene at any time and it is the responsibility of the captain to take action where required. Ineffective action by the captain may result in the umpires putting the player and captain on report.

3: The umpires are authorised to intervene in cases of:

Time wasting

Damaging the pitch

Dangerous or unfair bowling

Tampering with the ball (i.e. lifting the seam or using resin, wax, oil, hair products etc)

Obstruction of the batsmen while running

Incommoding (by causing bother/nuisance) by noise or action to player on strike

Attempting to assault or causing unreasonable abuse to players, team officials and spectators

Any other action that they consider to be unfair

4. The Spirit of the Game involves RESPECT for:

Your opponents

Your own captain and team

The role of the umpires

The game's traditional values and fair play and good humour when losing

5. It is against the Spirit of the Game:

To dispute an umpire's decision by word, action or gesture

To direct abusive language towards an opponent or umpire

To indulge in cheating or any sharp practice, for instance:

a) To appeal knowing that the batsman is not out

b) To advance towards an umpire in an aggressive manner when appealing

c) To seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

6: Violence

There is no place for any act of violence on or off the field of play during a cricket match.

7: Players

Captains are expected to take a leadership role and together with umpires set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

8: Gender

The players, umpires and scorers in a game of cricket may be of either gender and the Laws apply equally to both. The use, throughout the text of pronouns indicating the male gender is purely for brevity. Except when specifically stated otherwise, every provision of the Laws is to be read as applying to women and girls equally as men and boys.

5: REPORTS-PROCEDURE

5:1

- a) When any person mentioned in Section 3 wishes to make a report of an alleged breach of this Code he/she shall inform the Competitions Administrator at the earliest opportunity and within 48 hours after the completion of the day's play complete a written report using the report form as set out in Appendix 3 as a guide.
- b) The Competitions Administrator and his/her nominee shall at the earliest opportunity, on receipt of the report:
 - i) Arrange a hearing to be held at the offices of Cricket Wellington at 6pm on the Thursday immediately following the alleged breach, or at such other time and place as Cricket Wellington may advise the reported individual(s) in writing, and
 - ii) Advise the individual(s) reported, the individual's club chairman as appropriate, and the Commissioner of the contents of the report.
- c) The hearing must, without further notice, be attended by the player reported and his/her captain or by the team official reported and his/her club chairman as appropriate. The initiator of the report shall also attend and will be obliged to answer any questions of clarification as directed by the Commissioner. The opposing captain may also attend the hearing.
- d) If the report is against the captain than the vice-captain or team manager/club chairman shall attend.
- e) The Commissioner will hear and decide on the report in a manner which accords within the principles of natural justice and which best ensures the fair and prompt determination of the alleged breach of the Code. In particular the Commissioner shall allow the player(s) and/or team officials reported to give evidence and allow the player(s) and/or team officials reported to make submissions. The Commissioner shall decide what penalty, if any, is to be imposed. The Commissioner shall advise the decision to the individual(s) concerned, the Chief Executive Officer, and the initiator of the report as soon as practicable and shall provide a written decision within seven days of the hearing.
- f) In the event that the individual(s) or team official(s) reported fails to attend the hearing the Commissioner may proceed to hear and decide the report in a manner to be determined by the Commissioner.
- g) The Commissioner's findings and decisions are final. There is no right of appeal.

Note:

- i) The Commissioner may at his/her discretion to extend time limits under this Code where the interests of good behaviour are paramount, provided only that none of the parties affected is likely to be materially prejudiced as a result.
- ii) If considered appropriately by the Chair of Cricket Wellington any hearing may be conducted in the presence of two Commissioners.
- iii) Commissioner's in appropriate cases such as for level 1 admitted offences may conduct a hearing by telephone conference.

6: PENALTIES

6:1 Where an individual, team or club has been found guilty of a breach of Rules 2(a), 2(c), 2(d) of the Code or the Spirit of Cricket, the following penalties may be imposed.

- (a) An Individual
 - i) A written censure with or without a suspended sentence, and/or
 - ii) A fine not exceeding \$500 and/or
 - iii) A suspension from club and/or representative play. In the case of club cricket this suspension shall be immediate unless at the discretion of the Commissioner.
- In the case of an immediate suspension no replacement will be allowed.

- v) Following a third finding of breach against a member of any one team (including the same member more than once) in the same season, then that team will be immediately penalised by Cricket Wellington the total of ten (10.0) competition points. This rule is subject to the imposition of a reprimand not being included as a 'breach' for the purposes of this rule.
 Commentary: this rule is introduced to recognise the seriousness and impact of a penalty against any team that is found guilty of repeated poor behaviour, being three separate breach instances, throughout the same season.
- vi) Indicative penalty tariffs are included as Appendix (3) of this Code.
- (b) In the case of a suspension from play being imposed, the playing day(s) identified will only count towards the execution of a penalty when the playing day is effected, either wholly or in part. Any abandoned day's play will not count towards a player's penalty being carried out. Cricket Wellington will issue a protocol as to the definition and management of an abandoned day prior to the season, and it will communicate the management of the playing day(s) with the player and player's club following any Commissioner decision. For the sake of clarity reference to playing day(s) is the next playing day(s) regardless of the format.
 Commentary: this rule is introduced to support efforts to ensure that a player's penalty is meaningful and has sufficient disciplinary effect, in the sense that he/she will actually miss a cricket playing opportunity, as opposed to obtaining a degree of good fortune should bad weather preclude play on any given day.
- (c) A Team or Club
 - i) A reprimand and/or
 - ii) Cancellation of all or any part of any competition points awarded from the match to the team.
 - iii) A fine not exceeding \$1000
 - iv) If a player is suspended late in the season, the suspension is able to be carried over until the start of next season.

6:2

- a) Where an individual is found guilty of breach of Rule 2(b) the following penalties will be imposed
 - i) For the first offence in a season, a fine of \$10 (\$50 representative)
 - ii) For the second offence in a season, a fine of \$30 (\$150 representative)
 - iii) For a third breach the individual shall be ineligible for selection for the next match, should the third breach occur in the final match of the season, the suspension is to be served at the start of the next season.
- b) Breaches of Rule 2(b) need not be referred to the Commissioner in the case of a first or second offence. The Cricket Wellington Competitions Administrator may write to the offender's club imposing the fine, which the club may dispute in writing to the Chief Executive Officer. In the event of a dispute, the Chief Executive Officer's decision is final.

6:3 Where an individual has been found guilty of a breach of the Code or the Spirit of Cricket, he/she shall personally pay and be liable for payment of any fine imposed. Any fine imposed is to be paid to Cricket Wellington within seven days or as otherwise agreed between the individual and the Commissioner. Any individual failing to meet this requirement will be suspended from all play until such time as the fine is paid.

Note: While penalties are for the Commissioner to determine, suspension should be imposed as the primary penalty rather than a fine. In particular suspension should be imposed for offences against umpires. In determining a period of suspension the future match commitments of an individual should be brought into account. For professional players, fines preferred to suspension consistent with New Zealand Cricket rules, see Appendix 5.

7: PUBLIC ADVICE

- 7.1 Only the Chief Executive or the Chairman of the Board of Cricket Wellington or his/her nominee is authorised to notify the media of a report and its outcome. In the absence of special reasons publicity will be given to the disciplinary process.
- 7.2 Cricket Wellington will, subject to Commissioner direction, publish the details of any breach found by a Commissioner. The publication may take any form, and includes a media release (as per 7.1), e-mail communication to club network, and use of the CW website.

8: NOTES

In respect of any matter affecting a club player or team official it is the individual's responsibility to notify his club president/chairman or association of the hearing. Representatives of the club or association may attend and address the hearing. Where a team (as distinct from individuals) is reported the captain shall attend the hearing on behalf of the club. The Commissioner may request other members of the team/club to attend the hearing.

- 1.1.3 Using language or a gesture that is obscene, offensive or insulting during a Match.

Note: Rule 1.1.3 includes:

- 1.1.3.1 loud or repetitious swearing; and
- 1.1.3.2 obscene gestures or conduct which is/are not directed at another person, such as swearing at one's own poor play or fortune. This offence is not intended to penalise behaviour which may be regarded as trivial.

When assessing the seriousness of the breach, the Umpire shall be required to take into account the context of the particular situation and whether the words or gesture are likely to:

- 1.1.3.1 be regarded by others on the field of play or outside the playing area as obscene;*
- 1.1.3.2 give offence to others in the field of play or outside the playing area; or*

Note: Without limitation, players and Team Officials will breach Rule 1.1.6 if they publicly criticise the Match officials or denigrate a player or team against which they have played in relation to incidents which occurred in an Match. When assessing the seriousness of the breach, the context within which the comments are made and the gravity of the offending comments must be taken into account.

1.1.7 Where the facts of the alleged incident are not adequately or clearly covered by any of the above offences, conduct that either:

- 1.1.7.1 is contrary to the spirit of the game; or*
- 1.1.7.2 brings the game into disrepute.*

Note: Rule 1.1.7 is intended to be a 'catch-all' provision to cover all types of conduct of a minor nature that is not covered by the specific offences set out elsewhere in the Code of Conduct.

- 1.1.7.7 any conduct which is considered 'unfair play' under Law 42 of the Laws of Cricket.*

By way of example, Rule 1.1.7.2 may (depending upon the seriousness and context of the breach) prohibit the following:

- 1.1.7.8 public acts of misconduct;*
- 1.1.7.9 unruly public behaviour; and*
- 1.1.7.10 inappropriate comments which are detrimental to the interests of the game.*

1.2 Level 2 Offences:

1.2.1 Showing serious dissent at an Umpire's decision during a Match.

Note: Dissent, including the examples given in Rule 1.1.2 above will be classified as 'serious' when the conduct contains an element of anger, abuse or challenge which is directed at the Umpire or the Umpire's decision or where there is excessive delay in resuming play or leaving the wicket showing such dissent or where there is persistent re-reference to the incident over time.

It shall not be a defence to any charge brought under this Rule to show that the Umpire might have, or in fact did, get any decision wrong.

1.2.2 Serious public criticism of, or inappropriate comment in relation to an incident occurring in a Match or any player, Team Official, Match official or team participating in any Match, irrespective of when such criticism or inappropriate comment is made.

Note: Without limitation, players and Team Officials will breach this rule if they publicly criticise the Match officials or denigrate a player or team against which they have played in relation to incidents which occurred in a Match. Note: Without limitation, players will breach this regulation if they deliberately walk or run into or shoulder another player.

1.2.7 Using language or gesture(s) that is seriously obscene, seriously offensive or of a seriously insulting nature to another player, Team Official, Umpire, Match Referee or any other third person during a Match.

Note: There will be verbal exchanges between players in the course of play. Rather than seeking to eliminate these exchanges entirely, Umpires will be required to report such conduct that falls below an acceptable standard so as to become more than minor.

When assessing the seriousness of the breach, the Umpire shall be required to take into account the context of the particular situation and whether the words or gesture are likely to:

1.2.7.1 be regarded as seriously obscene; or

1.2.7.2 give serious offence; or

1.2.7.3 seriously insult another person.

This offence is not intended to cover any use of language or gestures that are likely to offend another person on the basis of their race, religion, gender, colour, descent, national or ethnic origin. Such conduct is prohibited under Rule 1.4.5 of this Code and must be dealt with according to the procedures set out therein.

1.2.8 Changing the condition of the ball in breach of Law 42.3 of the Laws of Cricket, as modified by ICC Standard Test Match, ODI and Twenty20 International Match Playing Conditions clause 42.1.

Note: This offence supplements and does not replace ICC Standard Test Match, ODI and Twenty20 International Match Playing Conditions clause 42.1

Any action(s) likely to alter the condition of the ball which are not specifically permitted under Law 42.3(a) may be regarded as 'unfair'. The following actions shall not be permitted (this list of actions is not exhaustive but included for illustrative purposes):

- 1.2.8.5 attempting to alter the shape of the ball.

The Umpires shall use their judgment to apply the principle that actions taken to maintain or enhance the condition of the ball, provided no artificial substances are used, are permitted. Any actions otherwise taken with the purpose of changing the condition of the ball shall not be permitted.

- 1.2.9 Any attempt to manipulate a Match for inappropriate strategic, tactical or other reasons.

Note: Rule 1.2.9 is intended to prevent the manipulation of Matches for inappropriate strategic or tactical reasons (see Rule 4 of the Cricket Wellington Playing Conditions – Two Day Cricket). It may apply to the inappropriate manipulation of a net run rate or accumulation of bonus points or otherwise.

Rule 1.2.9 is not intended to cover any corrupt or fraudulent acts (including any use of inside information and/or related betting activity). Such conduct is prohibited under the ICC's Anti-Corruption Code and must be dealt with according to the procedures set out therein.

The Team Captain of any team guilty of such conduct shall be held responsible (and subject to sanction) for any offence found to have been committed under this Rule.

- 1.2.10 Where the facts of the alleged incident are not adequately or clearly covered by any of the above offences, conduct that either:
 - 1.2.10.1 is contrary to the spirit of the game; or
 - 1.2.10.2 brings the game into disrepute.

Note: Rule 1.2.10 is intended to be a 'catch-all' provision to cover all types of conduct of a serious nature that is not (and, because of its nature, cannot be) adequately covered by the specific offences set out elsewhere in the Code of Conduct.

See guidance notes to Rule 1.1.7 for examples of conduct that may (depending upon the seriousness and context of the breach) be prohibited under Rule 1.2.10.

1.3 Level 3 Offences:

APPENDIX 5 – CONSIDERATIONS FOR PROFESSIONAL PLAYERS

The changes to the NZC rules

Primarily, the changes to the NZC rules for first-class domestic cricket are as follows:

- a. there now exists a distinction under the Rules between a “professional” cricketer, and an “amateur” cricketer. This distinction goes straight to how a penalty is to be considered;
- b. the primary penalty to be considered for offences by professional cricketers is now to be a fine, where previously a suspension was encouraged as the primary penalty (maximum fine increased from \$2,000 to \$5,000); and
- c. the “tariffs” for penalty previously documented have been replaced with “levels” of offences, in line with the ICC Code of Conduct Rules.

Commentary

“The rationale for these changes came 2011/2012 from discussions with the Players Association when they raised some concerns about the Code and its application to professional players as opposed to amateur players. This was manifested in the Code which specified at the time that suspension be the primary penalty for a breach. The Players Association asserted that the landscape had changed and that fines in some instances were more appropriate than suspending a player who earns a living from the game. This has been reflected in the ICC Code for matches at International level for some time.”
